## GLADIOLUS BULBS

At the present writing, June 20, 1949, our Glads are looking fine, over 45 acres of them. Not a weed in the entire lot and it's raining.

We started planting April 5th and finished the first of May and nothing but a catastrophe will prevent us from having an excellent crop of bulbs this fall.

Be sure your name is on our mailing list for Glad Prices, which will be mailed to you late this fall, or better still, if you are interested in large quantities write in now for special quotations.
